

7-12 Field Trip Permission Slip

Student Name: _____ Date: _____

Teachers periodically take their students on field trips to places that will enrich their educational experience. Such places include museums, theaters, and the courthouse to name a few. Due to the fact there is frequently limited space on these trips, we have to take into account the grades of our students. Hence, those who are struggling academically need to be in school every day to ensure that they pass the required classes to graduate.

Both the student and parent/legal guardian are required to sign this form in order that said student may be eligible to attend our field trips, should one be organized at any point throughout the semester. However, it is also important that your child understand that if he/she is achieving a "below average" or "failing" grade (D or F) within one week of the trip date that they will not be able to participate. Moreover, if he/she does not complete this form, he/she will not be allowed to attend.

The _____ is planning a trip to _____.
