

## **Students**

### **Student Assignment and Intra-District Transfer**

#### Attendance Areas

The School District is divided into school attendance areas. The Superintendent will review the boundary lines annually and recommend any changes to the School Board. The Superintendent or designee shall maintain a map of the District showing current school attendance areas. Students living in a given school attendance area will be assigned to that school. Homeless children shall be assigned according to Board policy 6:140, *Education of Homeless Children*.

#### Transfers Within the District

The Board of Education allows several options for students to attend various schools within the district. It is a goal of the District to maintain class size limits within the various grade levels of the various attendance centers.

- Students shall attend their local school as defined by the map mentioned above.
- Students will be required to attend another school in the North Boone School District in order to maintain class size limits within the grade level.
- Students may participate in the Voluntary Transfer Program and attend any school in the district, in accordance with the procedures listed in Administrative Procedure 7:30.2.

The Board may grant an exception when the parent(s)/guardian(s) demonstrate that the student could be better accommodated by the education program at another school, provided space is available. Students who are granted a transfer within the District shall be responsible for their own transportation. The provisions in this section have no applicability to transfers pursuant to the Unsafe School Choice Option covered in Board policy 4:170, *Safety*.
