CURRICULUM ADOPTIONS

Mrs. Neri stated that the District will be adopting new resources this year for 5th Grade Math and for 5th-8th Grade Science.

For the 5th Grade Math, the team will be reviewing the Reveal Math that the 6th-8th Grades started using this year in order to align through all of the grades.

The current Science curriculum for 5th-8th Grades, that was extended for 2 years, will end this year. The review process for new curriculum will begin on September 25th with a pilot timeline of January through March. This would then allow for a resource to be adopted in May.

The K-4th Grade Math will be renewed utilizing the current resources. Into Math will be kept in place for 3 more years. A quote will be coming shortly.

MTSS GOALS & NEXT STEPS

Mrs. Neri presented a breakdown of what the MTSS Goals are for the upcoming year along with the next steps.

Tier 1

- All teams will continue 3 PLC cycles.
- All data from PLC cycle assessments will be put into Performance Matters by the classroom teacher
