A Note From Our Principal

April / May 2022

Dear Parents and Guardians,

I hope everyone had a wonderful spring break. I was able to take a break and enjoy time with my family and I hope you were able to spend some quality time together as well. I also always love coming back and seeing all of the smiling faces of our students.

Our teachers have been busy preparing some upcoming fun activities for our students. We are returning to even more normalcy with bringing back out of school field trips and field day. May looks to have some fun things coming up!

Our 3rd and 4th graders completed IAR testing before spring break. They worked really hard on these tests, and we should all be proud of them. All students at Manchester will take the MAP assessment in Math and Reading later this spring. This test will be another point of data to see how much students have grown since taking the test in the fall.

Registration is currently open for the fall! In the North Boone School District, residence does need to be proven every year. All students that are fully registered before the end of the school year will receive a prize from the office. These will be handed out weekly. Any class that has 100% of the students registered by May 6 will get a pizza party from the office. Fees do not need to be paid at this time to be considered fully registered.

Respectfully,
Mrs. Lilja
